Griven Srl AL5160+AL5161 Goboled 7 Pro / Luminaire Data Sheet

Luminous emittance 1:

Luminaire classification according to CIE: 100
CIE flux code: 100 100 100 100 41

Packed with multiple effects and patterns, GoboLED 7-Pro offers broad creative design integration for permanent exterior installations. Fitted with one high power LED, this image projector delivers a bright and accurate rendition of graphic designs or logos in outdoor and indoor locations. Available with three alternative optics configurations, GoboLED 7-Pro is a fully weatherproofed (IP66) outdoor use high power multiple gobo projector capable of projecting changing images plus colour changes which can be combined with a number of special effects. The high power LED gives the ability to project at long distances or to create enormous impact when used for closer projections. GoboLED 7-Pro hosts seven rotating interchangeable gobos, four fixed gobos, and an eight colour wheel, all controllable and programmable by the on board display. The special animation and pulsation effects allow creativity with abstract or pattern images on top of the motorized focus, the strobe/black-out function and the linear dimming facility. GoboLED 7-Pro is designed for easy installation and programming, together with reliability even for permanent

Griven Srl AL5160+AL5161 Goboled 7 Pro
Article No.: AL5160+AL5161
Luminous flux (Luminaire): 2467 lm
Luminaire Wattage: 230.0 W
Luminaire classification according to CIE: 100
CIE flux code: 100 100 100 100 41
Fitting: 1 x LED (Correction Factor 1.000).
